

Testimony From Church Meeting in San Benito, Texas

On June 19, 1949, I was in an airplane crash. I had several broken bones, including a broken foot. The doctor did not put it in place; therefore, it grew back crooked, so I could not put my foot down flat on the ground. I went to your meeting in San Benito, Texas, under the big tent. God spoke to me to have you pray for me. I obeyed His voice and had you pray. I was instantly and miraculously healed on December 3, 1950. My foot is still straight. (April, 1953).
