

## **Boy Crippled from Birth Healed at Meeting**

A mother brought her 5-year-old boy to the meeting in Guntur, India. He was crippled from birth. His arm and hand were paralyzed. His fingers were completely stiff and bent backwards at a 45-degree angle. As I knelt beside him the Holy Spirit poured such compassion in my heart for this child. His arm was completely limp and his hand was paralyzed stiff. After holding his hand while praying for about 5 minutes, there was a twitch in his pinky finger. I pressed in prayer stopping several times to check his healing progress. I have a young son about his age and God kept telling me to pray like it was my son. Looking in this child's eyes brought tears to my eyes. The Lord completely healed and restored his arm, hand, and fingers.
